

# CJAZ supports Tim's Dairy's success with strategic IT management.

## THE BUSINESS TIMS DAIRY

Tim's Dairy specialises in producing Greek-style yogurts using fresh British milk and cream, natural ingredients, and bio-live cultures. Their family-run business has a traditional Greek heritage and has been making fresh live yogurt since 1949. They now supply yogurts and cultured creams to the retail and foodservice sectors.

Client since 2012

Food Manufacturer

The Chilterns

## THE CHALLENGE

CJAZ Consulting has been the IT Managed Service Provider for Tim's Dairy for the past seven years. Their business relationship started when Tim's Dairy was expanding and looking to upgrade their servers and they felt that their current IT provider didn't have the experience or technical knowledge required.

CJAZ were brought in for their fresh perspective and infrastructure expertise. Their well-planned strategy was accepted and their professional relationship commenced.

## THE PROJECT

Tims Dairy have two sites employing around 70 staff. CJAZ have upgraded their infrastructure with a new server. They also liaise with Penstone Communications to install new internet lines on both sites. Sites are connected by VPN and the company uses terminal services.

## THE RESULT

"CJAZ Consulting is extremely professional in their approach and always have the success and growth of the business in mind," says Chris Timotheou, Managing Director, Tims Dairy.

Our Annual IT Review outlines a comprehensive IT strategy, regarding hardware and software recommendations, project plans and scheduled work. Everything is well -planned, the management team and staff are informed and confident that the IT systems are reliable and run efficiently.

## CJAZ SERVICE BENEFITS

- Super responsive service
- Improved efficiency
- Business continuity
- Stay competitive
- Business growth
- Cyber secure
- Save money
- Secure data.

"We love working with CJAZ because we know the team, often we're just speaking with one person who knows all of our staff and our IT set-up really well. We love the personal service you receive when working with a smaller company."

Having great IT systems you can rely on is pivotal to being a successful, competitive company in today's market. We would have no hesitation in recommending their excellent services."

Chris Timotheou, Managing Director, Tims Dairy
